Dear Parents or Guardians:

This letter serves as an introduction to the Pennsylvania state-mandated graduation project, supported by Pennsylvania's governor and endorsed by the Wilson Area Board of School Directors and the Superintendent of Schools for the Wilson Area School District. As a requisite for graduation, the student will receive a final grade for this project at the end of his or her senior year. The final grade will appear on the student's transcript. Students not completing a graduation project will not receive a diploma.

The project is primarily an independent study project. Your child will have to work with a mentor teacher, a guide from within the school. Please review the accompanying materials with your child to assist in focusing his or her interests and in selecting one of the several types of projects available. It is the hope of Wilson Area High School's faculty and staff that each student will find a unique and interesting path toward success while completing the graduation project.

During the senior year, the project will be reviewed by a panel of faculty members on dates assigned by the school district. The dates are noted on the school district's activities calendar. Faculty panels will ensure that all specific project requirements have been completed.

Your cooperation by signing and returning the enclosed proposal form as soon as possible is greatly appreciated. We also ask that you help your child complete the proposal form. The purpose of the proposal form is to explain what the student plans to do for his or her project. The proposal will be reviewed and returned to the student. The entire school community looks forward to the prospect that your child's selection will prove a challenging and rewarding experience, providing a spark for a lifetime of continued interest and personal satisfaction.

Sincerely,

John Martuscelli  
Principal
